NALOŽBA V VAŠO PRIHODNOST

Dear Sir or Madam,

in the name of InnoRenew CoE institute, we would like to invite you to the opening of new research infrastructure at the University of Maribor, which will take place

**on March 2, 2020, at 11 am at the
Faculty of Electrical Engineering and Computer Science at the University of Maribor
(Koroška cesta 46, 2000 Maribor).**

Through the means of InnoRenew Operation, the University of Maribor has established a research infrastructure that enables the development and preparation of a wide range of functional polymeric materials and the complete characterization of essential useful properties of inbound basic and developed products. Complementary to the development of materials, research in the field of perceiving different environmental parameters and mechanical loads with integrated sensors for perceiving mechanical, chemical, and biochemical parameters is also happening.

Please confirm your participation no later than February 27, 2020, by sending an e-mail to pr.feri@um.si.

izr. prof. dr. Andreja Kutnar,
Project Manager and Director
of InnoRenew CoE

prof. dr. Zdravko Kačič,
Rector of the University of
Maribor
